

When Loren and I decided to establish Silver Maple Farm in 2018, there was no question we would grow organic—from the meals we serve our own family, to the produce we offer our Sky Valley neighbors and customers, Loren and I are dedicated to growing healthy chemical-free fruits & veggies you don't have to worry about. We are located in Sultan, on the upper Sultan Basin Road, and are USDA Certified Organic through Oregon Tilth. Visit [SULTANFRESH.com](https://www.sultanfresh.com) to place your order today for farm pick up Friday and Saturday from 9-6:00.

See you at the Farm! ~ Loren & Kathy
